*CRITIQUE FROM JUDGE GARY SACKETT*

*WEST HIGHLAND WHITE TERRIER CLUB OF SOUTHEASTERN MICHIGAN*

*SATURDAY, APRIL 25, 2015*

First, I would like to thank you very much for asking me to judge your 30<sup>th</sup> Anniversary Specialty. It was an honor to be asked and I thoroughly enjoyed the day at your show. I would like to express my appreciation for your hospitality and to Janet Lindgren and her husband for the enjoyable evening the night before the show. Finally, I would like to thank the exhibitors who brought a nice set of dogs to be judged.

Overall, the entry was very nice. I was pleased to see that all of the bites were good and some of the entry had impressive dentition, while others met the standard. The coats were uniformly double coated, although there were some wavy toplines. The heads were good and ear sets as they should be. Angulation was good on all the entries, with some a bit more than others. Not all of the tails were held upright. While most had good pigment, there were a couple that were a bit "pinker" that I like to see. I would also commend the exhibitors for their restraint in the use of "foreign substances" in their dogs – there were no white clouds as sometimes seen in the ring.

The Best of Breed, GCH Shalreign's The Love Bug, clearly said "I'm it" from the time he entered the ring. Good straight coat, great expression, nice head with a good defined stop, deep chest, good shoulder layback, tail carried straight up, good reach and drive, level topline and a winner's presence. He was clearly the "Love Bug" and wanted everyone to know it.

The Best Opposite Sex, CH Jubilhill Jemma, was a very nice bitch. She also had ring presence and showed herself well. Jemma had a good coat, nice expression and was well proportioned. She moved well in the ring, carried her tail correctly and showed well. I found out later that this finished her Grand Championship, so congratulations to Jemma.

My Winner's Bitch, Mac-Ken-Char's Twin Oaks Her Name is Lola, was a very pretty girl, not quite 2 years old. She was short backed, proper height, nice coat, good head and stop, nice shoulder layback, good angulation and moved well in the ring, including holding her tail straight up as she moved. I also understand that these were her first points.

My Reserve Winner's Bitch, Shalreigns I Knew U Were Trouble at Mac Ken Char, was a lovely girl from the 12-18 month class. She had a great expression, good head and stop, nice coat, good angulation and good movement.

Finally, the rest of the entry was a pleasure to judge and made my choices difficult. Each and every one has the potential to be a champion and I look forward to seeing them again either as a judge or a competitor.

Respectfully submitted,

*Gary C. Sackett*

## **BOB THE RAILWAY DOG**

<http://listverse.com/2013/10/22/10-most-heartwarming-dog-stories-from-history/>

Bob was born in South Australia in 1882, and for some reason he loved trains. He spent the early years of his life as a stray, following railway workers to work, until he was rounded up by a dogcatcher. It looked as if he was destined for the pound, but luckily for Bob he was bought by a kindly station guard who'd taken a liking to him. It worked out well, as his new master allowed him to ride the train with him in the guard's van every day. But, eventually, his master got a promotion and he and Bob parted ways. Then Bob started to jump trains alone.

Bob traveled up and down Southern Australia, becoming a familiar and welcome sight on trains across the land. Sometimes, when Bob felt that he needed some privacy, he chose an empty carriage and scared away any passengers who tried to sit in it by barking like crazy. The station masters and guards all knew him by name, so they left him to his own devices. At night he followed the engine driver home for a warm meal and soft place to sleep, then returned to the train the next morning. For most of his life, Bob went where he pleased, and as his fame grew so did his reception when he rode into town. He was allowed to attend banquets as a guest of honor, was given a special bracelet with his name on it—with an engraving telling anyone who read it to let him go where he wanted—and when he was seen riding on trains by local children they ran after him as if he were the Pope. Bob had many adventures in his short life and died the most famous dog in Australian history.
